THIS JUST IN!

Hey Sonic

Fans: Justin here with the latest. Well, we've been getting a lot of buzz about this two-parter Sonic/Sally/Mina storyline. In fact, Sally supporters and Mina's fans have been having a war of words with each other. They both want their gal to end up with Sonic.

Surprisingly, the vote between the two is running neck and neck. Of course, their fate has already been decided and will be revealed to you in "Heart Held Hostage, Part 2" next issue. On another front, only two issues left before Sonic and the Freedom Fighters face their most dangerous situation yet. SONIC THE HEDGEHOG #125 is starting to shape up to be one of the best issues I've ever had the pleasure of editing and art directing. Also, the biggest news about the issue is that Yuji Naka, the man who created every single Sonic videogame we've ever played, is writing a special message for the issue. It is truly an honor to have Naka-san grace our pages. I can't wait for you guys to read SONIC THE HEDGEHOG #125, but until then, let's find out what you think of the issues you have read. So without further ado, I give the floor over to Ken Penders with your letters. May the Force be with you!

Jo

As the countdown continues to our 125th issue, not only has it been tough trying to keep topping ourselves issue after issue, but it's getting tougher than ever figuring out which letters make the cut. Not only are more of you writing than ever before, but you're writing a lot more thoughtful commentary in addition to all the questions. To add further to our burden, we're hearing from our international fans in ever-increasing numbers as well, as we start off with this entry from across the Atlantic...

Note: Due to the overwhelming amount of e-mail and snail mail, it is impossible for us to reply personally to each and every message. However, your opinions are important to us and each message will be read. Also, due to space limitations, some correspondence may be edited. Thanks for understanding!

Dear Sonic-Grams,

First of all I'd like to say I've been a fan of your comics for years (I'm a big Sonic fan!), and the latest issue I got was 128, and it ruled! 'She's Gotta Have Him' - personally, Mina's one of my favourite characters... can't wait 'til I see 'Sonicbird' next issue... and Prince Elias' return. 'The Royal Signer' was great... and the Knuckles story ruled! Although, I'd really like to see Knuckles make a comeback of sorts... I hope he does!

The art by J. Auer looked cool in the first panel of 'She's Gotta Have Him' was cool! I'm a bit of an artist myself (more like a wanna-be artist), so I've submitted a picture to you guys of Sonia from Sonic Underground that I did on my computer, hoping it'll be featured in the fan art corner!

Speaking of the Sonic Underground... ever thinking of featuring Sonia and Manic in a story again? I love these guys - Manic's one of my favourite Sonic characters!

That's all for now - catch ya' on the flip side!
Laurie Durham-Muir, Age 14, Glasgow, Scotland, UK

While Sonic Underground isn't part of our continuity, you'll be hearing the names Sonia and Manic in upcoming issues. When or how will be a surprise you won't want to miss. And don't worry about Knuckles. While he may be going through quite a life-changing process at the moment, it's hard to keep a good echidna down.

Hello sir,

I've started collecting your comics about a year ago and I've collected at least 24 issues from #92 or so, but I have a few comments and questions.

1. I love your plot in Sonic the Hedgehog! It flows smoothly with each issue and explains little by little all the things I don't know!

2. Where were Elias and Queen Alicia before they were found by Knuckles' father?

3. Mr. Mawhinney does a great job and has the best emotions (like Abe Flower said in issue #128), but it seems all too classic and disordered. A short-legged Sonic with long spines? I don't know about you but I think it seems a little outta' place there. If he wants it to be a little like the classic Sonic, make it classic. If he wants it to be more modern, make it modern! Please, don't take it personally.

4. I saw the "Knuckles" comic in a 8-mart when I was around 6 or so. What happened to the series?

5. Where the heck did Mina come from! it seems like she just popped outta' nowhere!

Well, that's about it! Have a nice day and "Keep on joicin'!" Jabba, Wocki signing off.

Jonathan Lee, 12, Seoul, Korea

Another nation not heard from before. Welcome aboard, Jonathan, and glad to hear you're enjoying our adventures. In quick succession: We try to present as much information as we can in any given issue so as to allow any new readers to jump on board; Elias and Queen Alicia lived in Haven during the early days after arriving on the Floating Island, the details of which can be found in SONIC #64 and KNUCKLES #19 through 21; We can see where you're coming from regarding your comments on Art's version, but that's through no fault of his own, and we here at Archie can't say enough about how great we think his work is; the Knuckles series was victim of the market conditions at the time unfortunately; and Mina's been around since SONIC #76.

Dear Sonic-Grams,

I have been a huge fan of everyone's love blue hedgehog for a long time now. But unfortunately I live in the UK so your Archie comics are quite hard to get hold of. But I have known Archie Sonic comics for a very long time and just recently actually purchased #118 and it was a great story to pick up on. Knuckles' death was very well done and couldn't have been done better. I love the art used in this comic.

I've just read #128, and for the first time I saw Mina Mongoose and I don't mind this character actually being new to me. In the UK, Fleetway Sonic comics ended some while ago, so I was itching for more Sonic (of course). I'd say you couldn't beat the Blue Blur but Shadow is one of my fav hedgehogs (where does Shadow appear in the Archie version, in a special?).

I'm such a fan I even have the limited edition signed #118 Kaika DC.

I've read your up-coming preview of #, 121, 122, 123, and I wish you good luck on that huge project.

So if you do stick this in Sonic-Grams I'd be very pleased seeing as I am from the UK. Blade Liger, UK.

Blade, Shadow initially appeared in SONIC #98, but not in the form in which you know him, 'cause even we didn't know what he looked like at the time. I suspect that you and everyone else that have been clamoring to see more of him will some get their wish in spades.

Hi,

In case you remember me (I hope not; I haven't written for years and that would be scary) I'm the one who wrote 4-6 letters with 100s of questions, and obviously they were never printed, but one of them was sort of answered in the comic, so it's cool. Any-who, my first issue was #30 and I've managed to collect all the rest since. And I have this to say: YOU ARE AWESOME! Lastly, I think your comic could use some improvement, and I feel it is my duty to save you from any further erosion before it is too late. I have a few suggestions to make:

Spaz is your best artist. I suggest you feature his work on more stories.

A more practical suggestion would be to loose the 3-story theme except for an occasion. People are getting lost with all the characters you're shuffling around (not me of course) and it takes away from the guts of the other two. Try having even just 1 per book sometimes. Your best era was between around 30 to around 60. Try to see what you did differently since then.

Shadow is a future issue- Whaaaaa??? Have you not played Sonic Adventure 2? If you have, please explain (if not at first, then later) how he is still alive. To be honest, E-102 has more reason to appear than Shadow. At least he had a little piece in Sonic Shuffle.

As far as the Anime thing with the art is concerned, I think it's fine so long as you remember what your characters actually used to look like.

Ah, that magazine thing you're doing with your comic- loose it. It just looks stupid. You go on and on about how Sonic is the first video game character to have made this many issues and then you do this. People who see the comic will never take you seriously.

Sorry to have kept you from your, um, whatever it is that you do for so long. I know if this ever is printed there will be serious edits for space (as well as the whole plot section taken out). So, keep on Trekking! Oh wait- you're a Star Wars fan.

Dr. Chris

That's Justin, Karl and most of the artists, Doc. I'm a Trekker down to the bone, having grown up with Kirk and Spock. And, yeah, I had to whittle your letter down to let others get a word in edgewise, but you'll have to agree your overall point was made. It's opinions such as yours that help us keep on track making our series better all the time and hope to hear again from you on whether or not you agree with that assessment. As for Shadow, SONIC THE HEDGEHOG #124 will explain how Shadow survived his apparent demise at the end of the SONIC ADVENTURE 2 game.
